

♦ Platform User Guide — Peer Teacher ♦

For: the teacher assigned to visit a colleague's unified lesson

Your visit is neither an inspection nor a grade: you read your colleague's plan, attend the lesson, and leave with one action **you take for yourself**. Your sidebar is four steps in the order of your visit.

Before you start — four things that concern everyone

1. Open the link — <https://ahseyam.github.io/unified-lesson/>
2. Switch to English — the EN button, top right
3. Choose your role — one card per role
4. Enter your staff number — you are identified by it, not by your name

- Open the link: It runs on phone, laptop and tablet with nothing to install. Bookmark it — it is your single reference; do not rely on a copy someone sends you, or you will be working from yesterday's data.
- Switch to English: Press it once and the choice is remembered on your device. Arabic is the default for everyone, so nothing changes for your Arabic-speaking colleagues. You may enter your own text in English or Arabic — both are kept as typed.
- Choose your role: Each role sees only what concerns it: its own buttons, screens and reports. You will not see what is not yours, and you cannot press a button that destroys someone else's work.
- Enter your staff number: Names repeat and are spelled in different ways, so the same person appears twice in the reports. If your number is on the roster, your name and subject are filled in for you.

♦ **Step by step — with pictures** every screenshot is taken from the platform itself, not drawn or imagined

1 Sign in with your role

- Choose the “Peer teacher” card and enter your staff number.
- Do not choose the “Teaching teacher” card — each role has its own screens.

Unified Lesson Platform عربي

Choose your role — each role sees only what concerns it

- Teaching teacher**
Plans and issues their lesson, then sees its result and bridge action
- Peer teacher**
Sees the visits assigned to them, reads the plan and fills the peer card
- School principal**
Sees and schedules their school's lessons alone, scores any of them and approves the result
- Academic deputy**
Schedules their school's lessons, edits and deletes them, assigns the visiting teachers, and scores them
- Subject supervisor**
Sees their subject's lessons in the complex they visit each day, observes and approves them
- Complex Director**
Follows their whole complex and scores its lessons
- Internal Evaluation Follow-up Team**
Two from the central administration: they follow the whole system and score its lessons

2 Start from “My assigned visits”

- The first thing you open: what has been assigned to you, with its time, its school, your colleague's name and the state of their plan.
- A counter in the sidebar tells you how many visits await your card.

🚫 No visit appears until the school's academic deputy assigns it — ask them if it is late.

3 Read your colleague's plan before you go in

- The second stage is “Your colleague's plan”: a sheet with what will be delivered in the lesson.
- The time map, its stages and the strategy card — read before entering.
- Print it or open it on your phone so it is at hand during the lesson.

Stage 2 · Your colleague's plan

Collect the guidance

A short sheet with what will be delivered in the lesson: the time map and its stages and the strategy card. Going in informed is better than discovering it there.

1. Open the visit assigned to you, then read the whole sheet.

2. Print it or open it on your phone so it is at hand during the lesson.

4 Fill the visit card

- The third stage is “Visit card”, and it is short: what happened, what helped you, and what you will apply.
- Fill it during the lesson or straight afterwards — most of what is written days later is lost.
- No observer rubric falls to you and no indicators are rated — that is not your part.

Stage 3 · Visit card

Collapse the guidance

Your visit is for learning, not a grade: no observer rubric falls to you and no indicators are rated, only a description of what happened, what helped you, and what you will apply. And most of what is written days later is lost.

1. Read your colleague's plan first — it shows where to pay attention.

2. Fill the peer card during the lesson or straight afterwards.

3. And no grade falls to you: grading is for the supervisors and school leadership.

5 Carry your action

- The last stage is “Your own action”: a commitment to yourself, not a judgement on your colleague.
- One specific action that can be seen in your next lesson — that is what is followed up with you.
- The lesson result appears if the observers recorded it — to read, not to edit.

❖ Where things usually go wrong before you ask — the most common cases

Why, and what to do	What happens
Assignment is by the academic deputy, using staff numbers. Check you signed in with your own number.	No visits are assigned to me
Because you do not schedule anything. Your sidebar is four steps only, and that is deliberate.	I cannot find the entry grid

❖ Frequently asked

Q: How many visits do I owe?

A: Two per term — the counter in the sidebar says what is left.

Q: Do I give my colleague a grade?

A: No. Grading is for the observers; your card is description and benefit.

Who to contact

If what concerns you does not appear, or something that is not yours does — contact the Planning and School Accreditation Department.

If the page does not open at all — check the link above and your connection.
