

♦ Platform User Guide — Complex Manager ♦

For: the complex manager, who follows every school in their complex

Your scope is a **whole complex**, not a single school. And you are part of the “supporting team”: you observe the lessons whose **subject has no supervisor** — roughly five lessons in every twenty-five, which would otherwise go unrated.

Before you start — four things that concern everyone

1. Open the link — <https://ahseyam.github.io/unified-lesson/>
2. Switch to English — the EN button, top right
3. Choose your role — one card per role
4. Enter your staff number — you are identified by it, not by your name

- Open the link: It runs on phone, laptop and tablet with nothing to install. Bookmark it — it is your single reference; do not rely on a copy someone sends you, or you will be working from yesterday's data.
- Switch to English: Press it once and the choice is remembered on your device. Arabic is the default for everyone, so nothing changes for your Arabic-speaking colleagues. You may enter your own text in English or Arabic — both are kept as typed.
- Choose your role: Each role sees only what concerns it: its own buttons, screens and reports. You will not see what is not yours, and you cannot press a button that destroys someone else's work.
- Enter your staff number: Names repeat and are spelled in different ways, so the same person appears twice in the reports. If your number is on the roster, your name and subject are filled in for you.

♦ **Step by step — with pictures** every screenshot is taken from the platform itself, not drawn or imagined

1 Sign in and choose your complex

- Choose the “Complex manager” card, then the sector and the complex you manage.
- Your scope is then fixed to it: you neither see another complex nor edit in it.

⚠ **The scope is fixed at sign-in and cannot be switched from the screen — whoever switched it saw the whole system.**

Unified Lesson Platform

Choose your role — each role sees only what concerns it

Teaching teacher

Plans and issues their lesson, then sees its result and bridge action

Peer teacher

Sees the visits assigned to them, reads the plan and fills the peer card

School principal

Sees and schedules only their own school's lessons, and observes and approves those whose subject has no supervisor

Academic deputy

Schedules their school's lessons, assigns peer teachers to them, and observes those whose subject has no supervisor

Subject supervisor

Sees their subject's lessons in the complex they visit each day, observes and approves them

Complex Director

Follows the whole complex, and scores lessons whose subject has no supervisor

Internal Evaluation Follow-up Team

Two from the general administration: they follow lessons with no specialist supervisor, without scoring

Staff number

First name and family name

Sign in

2 Read your complex's schedule

- The schedule shows every lesson in your complex's schools: week, day, subject and teacher.
- You do not edit a cell in it — scheduling belongs to the teacher and their deputy.

Stage 1 • Unified lesson schedule for the external review

Follow the guidance

This screen is the unified lesson schedule for the external review inside the platform: one sheet per complex, with rows for the day by the peer teacher's subject, and columns for the periods with their start times. Under each period are five fields: teacher • strategy • teaching approach • class • start time. Whatever is entered in a cell becomes a lesson, and from that cell the lesson begins, its data flowing into the plan.

- Choose the sector, complex and stage, and enter the school name — then your subject if you are a teacher.
- Week: leave it on "All weeks" to see the whole term as in the spreadsheet, or pick one week.
- In the lesson cell enter: the teacher's name, the strategy from the bank, the teaching approach, and the class.
- The visiting subject team for each day appears in the first cell of its row and is edited there.
- Press "Start lesson" in the cell — the planning stage opens with its data already filled in.

3 Know what falls to you

- The “Lessons with no subject supervisor” report lists what has no supervisor in your complex.
- These alone are what you observe — together with the academic deputy and the principal.

 **What does have a supervisor is not yours to observe: its form does not open for you, and that is correct.**

The screenshot shows the 'Unified Lesson Platform' interface for 'Ibn Khaldun Schools'. The top navigation bar includes 'Previous', 'Stage 6 of 6', and 'Next' buttons, along with a user profile for 'Complex Director' and a 'Sign out' button. The left sidebar lists 'Programme stages' for the 'Complex Director' role, including 'Unified lesson schedule for the external review', 'The teacher's plan', 'The run sheet', 'Lesson observation', 'After the lesson', and 'School dashboard and reports'. The main content area is titled 'Reports' and shows a grid of report buttons: 'Schools report', 'Teachers report', 'Subjects report', 'Indicators report', 'Strategies report', 'Approaches report', 'Activation report', 'Missing entries', and 'Lessons with no specialist supervisor'. Below these, there are 'Print' and 'Export CSV' buttons. A section titled 'Lessons with no specialist supervisor' displays three cards showing '0' for 'lessons with no specialist supervisor', '0' for 'Scored', and '0' for 'awaiting scoring'. A message states: 'No lesson in your scope lacks a specialist supervisor — every subject has one.' The footer contains the text 'Ibn Khaldun Schools — Unified Lesson System' and 'Director of Planning and School Accreditation'.

4 Observe a gap lesson

- Open the lesson from the report; your capacity “Complex manager” is filled in from your role.
- Fill the form and the strategy card, then approve the result.

Stage 4 · Lesson observation
[Collapse the guidance](#)

The specialist supervisor alone completes the rubric and the strategy card — and where a subject has no supervisor, the supporting team does. Two peer teachers fill the peer card. Evidence is seen, not assumed: what is not recorded during the lesson does not count.

- Open the lesson and read the teacher's plan first — that is what you seek evidence for.
- Complete the rubric indicator by indicator; "N/A" is for genuine exceptions, not an escape.
- Open the diagnostic card for the strategy the teacher declared and rate its ten indicators.
- The peer teacher fills the peer card and takes one action away for themselves.

5 Follow your complex through the reports

- Your complex's reports: teachers and their results · subjects · the weakest indicators · and missing entries.
- All of them are confined to your complex — so what you see concerns you.

The screenshot shows the 'Unified Lesson Platform' interface for 'Ibn Khaldun Schools'. The top navigation bar includes 'Previous', 'Stage 6 of 6', and 'Next' buttons. The left sidebar lists 'Programme stages' from 1 to 6, with stage 6 'School dashboard and reports' selected. The main content area displays 'Reports' with buttons for 'Schools report', 'Teachers report', 'Subjects report', 'Indicators report', 'Strategies report', and 'Approaches report'. Below these are buttons for 'Activation report', 'Missing entries', and 'Lessons with no specialist supervisor'. A 'Per school' summary shows 0 lessons scheduled, 0 planned, 0 scored, and 0% average percentage. The footer contains the text 'Ibn Khaldun Schools — Unified Lesson System' and 'Director of Planning and School Accreditation'.

A live screenshot of the platform itself

❖ Where things usually go wrong before you ask — the most common cases

Why, and what to do	What happens
It has a named subject supervisor, and observing it is theirs. You observe what has none.	A lesson I can see will not open its form
Scheduling belongs to the teacher giving the lesson and their deputy; you follow and observe.	I cannot edit a cell in the schedule

❖ Frequently asked

Q: My complex has both boys' and girls' schools?

A: Each sector has its own platform and its own store — you sign in to each separately.

Q: Who approves a result I recorded?

A: You do — whoever observes approves. No one approves a mark whose form they did not fill.

Who to contact

If what concerns you does not appear, or something that is not yours does — contact the Planning and School Accreditation Department.

If the page does not open at all — check the link above and your connection.
