

♦ Platform User Guide — Complex Manager ♦

For: the complex manager, who follows every school in their complex

Your scope is a **whole complex**, not a single school, and you observe **any lesson in it**: you have your own independent form with its own score and your name, which no other evaluator overwrites. The adopted score for a lesson is the average of those who scored it.

Before you start — four things that concern everyone

1. Open the link — <https://ahseyam.github.io/unified-lesson/>
2. Switch to English — the EN button, top right
3. Choose your role — one card per role
4. Enter your staff number — you are identified by it, not by your name

- Open the link: It runs on phone, laptop and tablet with nothing to install. Bookmark it — it is your single reference; do not rely on a copy someone sends you, or you will be working from yesterday's data.
- Switch to English: Press it once and the choice is remembered on your device. Arabic is the default for everyone, so nothing changes for your Arabic-speaking colleagues. You may enter your own text in English or Arabic — both are kept as typed.
- Choose your role: Each role sees only what concerns it: its own buttons, screens and reports. You will not see what is not yours, and you cannot press a button that destroys someone else's work.
- Enter your staff number: Names repeat and are spelled in different ways, so the same person appears twice in the reports. If your number is on the roster, your name and subject are filled in for you.

♦ **Step by step — with pictures** every screenshot is taken from the platform itself, not drawn or imagined

1 Sign in and choose your complex

- Choose the “Complex manager” card, then the sector and the complex you manage.
- Your scope is then fixed to it: you neither see another complex nor edit in it.

⚠ **The scope is fixed at sign-in and cannot be switched from the screen — whoever switched it saw the whole system.**

Unified Lesson Platform

عربي

Choose your role — each role sees only what concerns it

Teaching teacher
Plans and issues their lesson, then sees its result and bridge action

Peer teacher
Sees the visits assigned to them, reads the plan and fills the peer card

School principal
Sees and schedules their school's lessons alone, scores any of them and approves the result

Academic deputy
Schedules their school's lessons, assigns the visiting teachers, and scores them

Subject supervisor
Sees their subject's lessons in the complex they visit each day, observes and approves them

Complex Director
Follows their whole complex and scores its lessons

Internal Evaluation Follow-up Team
Two from the central administration: they follow the whole system and score its lessons

2 Read your complex's schedule

- The schedule shows every lesson in your complex's schools: week, day, subject and teacher.
- You do not edit a cell in it — scheduling belongs to the teacher and their deputy.

Lessons that fall to you

No lesson in your scope lacks a subject supervisor

These are the lessons whose subject has no supervisor — without the supporting team they would go unrunned.

1 Unified lesson schedule for the external review

The first matrix — every lesson starts here

2 The teacher's plan

You read it before the lesson — from who you know what evidence to seek

3 The run sheet

The plan in summary on one page — read before entering

4 Lesson observation

What is filled during and for the lesson

5 After the lesson

Result, bridge card and approval

6 School dashboard and reports

Activation and results reports

Read first

Stage 1 - Unified lesson schedule for the external review

Call for the guidance

This screen is the unified lesson schedule for the external review inside the platform: one sheet per complex, with rows for the day by the peer teacher's subject, and columns for the periods with their start times. Under each period are five fields: teacher - strategy - teaching approach - class - start time. Whatever is entered in a cell becomes a lesson, and from that cell the lesson begins, its data flowing into the plan.

- Choose the sector and the complex, then filter the columns by your school using the checkboxes — and whoever signed in as a principal or a deputy has their school fixed for them. Then your subject, if you are a teacher.
- Week: leave it on "All weeks" to see the whole term as in the spreadsheet, or pick one week.
- In the lesson cell enter: the teacher's name, the strategy from the bank, the teaching approach, and the class.
- The visiting subject team for each day appears in the first cell of its row and is edited there.
- Press "Start lesson" in the cell — the planning stage opens with its data already filled in.

3 Know what needs you first

- The “Lessons with no subject supervisor” report lists what has no supervisor in your complex.
- Start with these — no one but you and those with you observes them.

🇮🇹 And you observe the rest as well: the form opens for you on any lesson in your complex.

4 Observe the lesson

- Open the lesson; your capacity “Complex manager” is filled in from your role.
- Fill the form and the strategy card, then approve the result.

🚫 **Your form carries your name alone — and anyone who scored it with you appears beside you.**

A live screenshot of the platform itself

5 Follow your complex through the reports

- Your complex's reports: teachers and their results · subjects · the weakest indicators · and missing entries.
- All of them are confined to your complex — so what you see concerns you.

A live screenshot of the platform itself

❖ Where things usually go wrong before you ask — the most common cases

Why, and what to do	What happens
It is outside your complex — observing belongs to whoever has the lesson in scope. Anything inside your complex does open for you.	A lesson I can see will not open its form
Scheduling belongs to the teacher giving the lesson and their deputy; you follow and observe.	I cannot edit a cell in the schedule

❖ Frequently asked

Q: My complex has both boys' and girls' schools?

A: Each sector has its own platform and its own store — you sign in to each separately.

Q: Who approves a result I recorded?

A: You do — whoever observes approves. If someone scored it with you, the adopted score is the average of both.

Who to contact

If what concerns you does not appear, or something that is not yours does — contact the Planning and School Accreditation Department.

If the page does not open at all — check the link above and your connection.
